Alabama Town Asks For Adequate Fire Plugs At City Council Meeting

Councilmen met for a short, informal meeting Tuesday night with no new business on the agenda due to the absence of Robert Weems, head of the street committee.

At the outset of the meeting a committee composed of several colored men from Alabama Town, which is located west of town on the other side of the Santa Fe Railroad tracks, addressed the council and asked that adequate fire plugs be placed in that vicinity. They explained that when they have a fire in that area the fire trucks come, but there is no water main to supply the trucks, therefore there is very little they can do.

The men said they thought it only right that they be given ample fire plugs to insure them protection since they are tax payers.

Councilmen explained that they

have not forgotten that part of town but have run into so many stumbling blocks, with the railroad track making entry from that area unfeasible and the ravine from the other direction creating a problem. The matter was turned over to the water committee for their recommendation.

In a roll call vote all of the men gave their assent to sign the preliminary papers necessary for the State Highway Department to the new portion of highway 77 which will extend from Travis St. to the City Limits.

All the council stated they were ready to move forward on the situation, which has been on the fire for some time. They also talk make field notes and estimates on ed of adding storm sewers along that section of the highway while the project is underway, so that the excess water from the many service stations on that stretch of highway can be handled.

The men then spoke of the coming April election, when three councilmen will be elected. It was wondered if there would be any expense to the councilmen intending to run for the office, with Roy Baskin, city attorney putting an end to the talk with the statement, "Huh, you have a hard time getting them to run, much less to pay."

Johnnie Anders and Roy Griffith reported that they had met with two men from the postoffice who asked to handle the house numbering for the city, and the council agreed that they would pay the men 20 cents for each house and vacant lot numbered during the project, with a completion date of 90 days set.

Lastly, a letter from the State Highway Department, requesting they be assured of 500,000 gallons of water from the Cameron Water mains in 1955. It was decided that the request would be granted with a sum of 25 cents per thousand gallons set, since the water committee explained that the Highway department had been the cause of some costly repairs to two plugs last year.

Yoemen Master-Mind Rockdale 64 - 56 In District Cage Game

The Cameron Yoemen took the upper hand in their conquest of the Rockdale Tigers Tuesday in the second District 22-AA basketball game by the score of 64-56.

Fred Pelmecky mastered the whip hand of the Yoemen as he threw 22 points into the Yoes bread basket, but right on his heels was Tommy Key of Rockdale with 21 points.

The B team game went to Rockdale, 39-32. Johnny Timmerman scored 20 points for the winners.

The Master of Tuesday nights clash needed the win to keep them in the District 22-AA championship running.

At present both Cameron and Rockdale have one win and one loss. Belton knocked the high flying Georgetown Eagles to a lower altitude Tuesday night, 44 to 40.

Friday night the District 22-AA schedule will find Belton at Cameron, Rockdale at Rosebud, and Taylor at Georgetown.

Postal Receipts In '54 Highest In History

Postal receipts at the Cameron post office reached an all time high in 1954 according to J. R. Hays, postmaster.

Complete receipts, including all classes, totaled \$87,000 in comparison with \$79,000 in 1953. He stated that this was the largest year in the history of this postoffice.

Several new mail delivery routes will be set up, Hays reported, when ever the new street signs and house numbering is properly completed. Several portions of additions not now receiving mail delivery service will be served, including parts of the Green Addition.

Blaze Destroys Four - Room House Tuesday

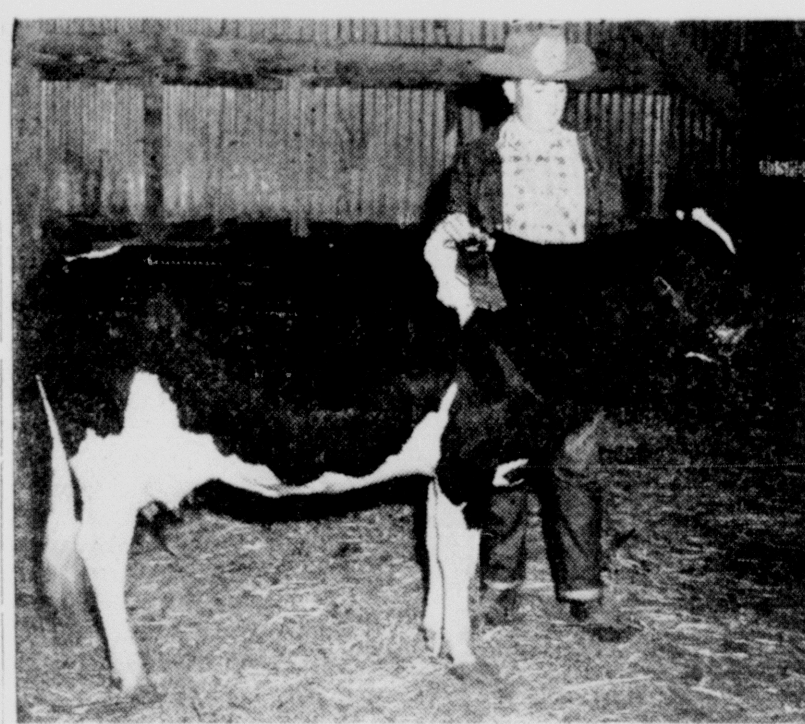

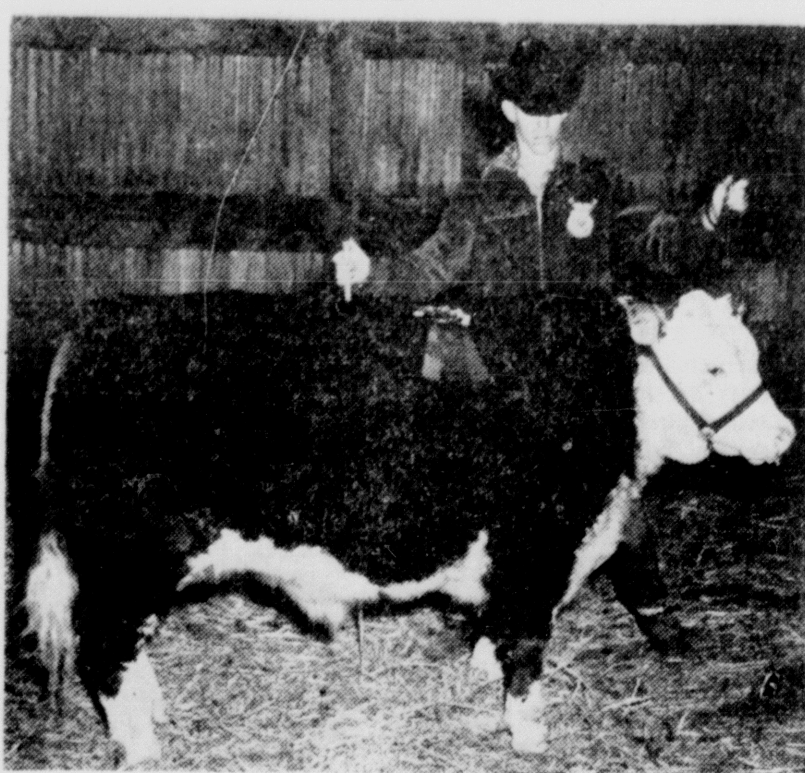

A four-room home occupied by Alma Williams at 801 S. Nolan St. was completely destroyed by fire Tuesday afternoon at 4:20.

The origin of the fire, which was aided by the strong north wind, is unknown according to John Eanes, Fire Marshall.

The house was fully ablaze before the fire was discovered and reported by a neighbor. The aged colored woman was visiting at a neighbor's home at the time and no one was in the house. She lived alone.

Since there is no water available for the extinguishing of fires in that locality, the Cameron Fire Department stood by with the Booster Tank to prevent the flames from spreading to other homes.

Eanes stated that the house was partially insured and the only personal items of Alma Williams that were not destroyed was what she was wearing at the time of the blaze. An estimate loss of \$1,700 was reported.

Inscribed Victory Bell Is Delivered To Yoe High School Friday Morning

The 92 pound Victory Bell, presented to the Cameron and Rockdale Schools by the Sandow Railroad Company made its trek from Rockdale to Cameron Friday morning and is now on display in the Yoe High School hall.

S. M. Layfield, principal of Yoe High School, stated that the Sandow Railroad officials explained that the reason for the delay in delivery was due to having the bell properly inscribed.

Etched on the bell are the words, "Victory Bell; Cameron - 13, Rock-

dale - 12; 1954; presented by Sandow Railroad Company.

Layfield said that no set location has been found for the bell, due to its being so bulky, but it would remain on display in the high school for two or three days so that the students and visitors can see it.

Two Rockdale students helped bring the bell to Cameron and they expressed the opinion that the students feel that the bell should be played for and won or lost in a friendly attitude.

Layfield agreed with the boys, stating that he hopes that the bell will lead toward good relations and friendly rivalry between the two schools.

School Census Being Taken During January

The Annual School Census is being taken during the month of January.

All children living in Cameron School District and born after September 1, 1937 or before September 1, 1949 should be enumerated with the Cameron School District.

Miss Dallis Young, the school system's census director said if your child has not been enumerated since Jan. 1, 1955, please notify her before February 1, 1955.

The Cameron Public School District consists of Curry, Belmenia, Watts Witch, Walkers Creek, Clarkson, Jones Prairie, North Elm, Elm Ridge, Salem, Hoyte, Minerva to Cooper Hollow and Cameron City Limits.

Lt. Col. W. Garner Commander of Hood's Inaugural Entries

Lt. Col. William H. Garner, 37th Tank battalion commander, was in charge of the Fort Hood group in Gov. Allan Shivers' inaugural ceremony Jan. 18 in Austin.

Both the 37th Tank battalion and a firing battery from the 22nd Armored Field Artillery battalion participated in the parade.

The First Armored division jeep-mounted band, under the direction of CWO Erwin N. Gregor also participated in the ceremony.

1955 Broiler Contest To Be Bigger Than Previous Years

Arrangements are being made for another better and bigger Broiler Contest by the local Chamber of Commerce for all Milam county F. F. A. and 4-H Club members.

The program will start this year on Friday, March 4, when the sponsor will meet his contestant at the Courthouse and present him with fifty baby chicks.

Each contestant will have a sponsor and the sponsor will provide a \$10.00 entrance fee for each contestant sponsored, with a limit of two contestants per sponsor. This fee will provide \$7.00 for fifty baby chicks, \$2. for tickets to an award banquet for the sponsor and his contestant and \$1.00 for cash prizes to be awarded to poultry show winners.

Final Day to register for sponsoring a boy has been set for February 4.

Each of the contestants will take the 50 chicks presented him and raise them according to standards approved by F. F. A. and 4-H Clubs.

On Saturday, May 7, after a nine week growing period each contestant will choose the best five chickens from his flock and enter them in the poultry show to be held that day.

Chickens will be judged by recognized judges on standard points for broiler shows and six cash prizes and certificates will be awarded.

Each contestant will present his five show chickens to his sponsor and the remainder of the flock will belong to the contestant.

An award banquet will be held Saturday, May 7, at 7:30 p. m. and each sponsor will take his contestant to the banquet for the presentation of the awards.

At the conclusion of last years contest the idea and its results received national acclaim through the "Broiler Growing" magazine.

Hal Lester Senkel of Buckholts won first place with his pen of five; Henry Hubnik of Cameron placed second; Harry Glenn Alexander of Gause placed third and Jimmy Hines of Davilla placed fourth.

School Board Members Told New Building Needed

One of the most important items brought up at the school board meeting Tuesday night was the fact that the students outgrew the facilities in the new agriculture-Industrial Arts building almost before the beginning of the school year.

Guy Clements, Industrial Arts teacher, who was present at the meeting presented an outline of an additional building which would solve the situation.

S. M. Layfield, principal of Yoe High School, also present, stated that there are now four full credits available in the Industrial Arts program and four in the Agriculture program, but added that the students would could be taught more phases and more accurately if the facilities were improved and

not so cramped.

It was thought, by both Layfield and Clements, that more students who wish to take Industrial Arts could be accommodated, since now the classes are available to only a limited number.

Board members talked at length about the building problem with several suggestions on the placement and type building brought out. No action was taken but the matter was left for the consideration of the board.

Wiley Loughmiller, principal of the Ada Henderson school, said that the most interesting aspect in his school at the present is the influx of new pupils and getting them settled in their grade level. He advised that there are now 745 enrolled in Ben Milam and Ada Henderson schools with an average attendance of 705.

Earlier in the evening the board sold the ground, (with the building previously sold) to Dr. L. Denson, who retracted his first bid and offered \$325 for the building and the grounds of the Curry School.

Four new members, including Oxsheer Smith, Mrs. Bess Triggs, O. B. Horstmann and Mrs. Gillis Graham were appointed to serve with John Henderson in planning an appropriate commemoration ceremony for the cornerstone of the old Milam County Institute.

Miss Dallis Young and C. L. Sadberry were elected to take the school census.

A committee composed of Leo Fuchs, Frank Reed, William Voglesang and Bill Wallace were appointed to make arrangements on where to put fences around the outside of the track at the football stadium to keep the crowds from ruining the newly-refinished track area.

Hanes pointed out that one crowd, at one football game could do as much damage to the track as one complete track meet.

W. T. Hanes, Cameron Independent School Superintendent, went on record at the board meeting to the effect that "all school records are open at all times for the public."

He asked that the school board clarify the situation about publishing financial standings of any phase of the school activities adding that the local newspaper has been asking for information on the athletic fund. Hanes summarized

the situation with the words it had put him under a strain because he had been mis-represented, misquoted and mis-understood.

One or two people have come in personally to check the records, Hanes said, and added that he appreciated it, that was one of the reasons they were kept; but reminded that the school board is the only ones he takes orders from and stated vehemently that "If any time I have conducted business contrary to the school board I don't know it."

Most board members stood staunchly behind Hanes with Dr. C. G. Swift, president of the board, pointing out that every year the board publicizes the meeting when the budget is going to be set up, See School Board - Back Page

Mr. Harisock is a native of Oregon and began his career with Alcoa in Alcoa's Northwest Operations. He first came to Texas to help in the expansion of the Point Comfort Works in 1951.

On May 12, 1952, he came to Rockdale to assist in construction of the Rockdale Works and to become Electrical Superintendent.

Mr. Neubert was named Construction Superintendent of the Rockdale Works in September 1951 and was one of the first Alcos to arrive in Rockdale.

A native Texan, he joined Alcoa in 1935 at the Alcoa, Tennessee Works after completing his education at the University of Tennessee.

In November of 1948 Mr. Neubert was made District Purchasing Agent at the Point Comfort Works. Later he transferred to Vancouver, Washington in a similar capacity. Since September of 1951, Mr. Neubert has been in charge of construction activities at the Rockdale Works.

The Neuberts expect to move to their home in Pittsburgh within the next few months.

Jess Petty, Kiwanis Lt. Governor Speaks To Local Group At Thursday Meeting

Jess Petty, Superintendent of Schools and Lt. Governor of Division 9 spoke to local Kiwanis Club members Thursday at their luncheon meeting in the Milam Coffee Shop on Kiwanis privileges and obligations.

He was introduced by Tommy Warren, president of the Burnett Club.

Some of the main points brought out by Petty were that the main services of the members are divided into three distinct groups: (1) Youth Services; (2) Citizenship Services and (3) Inter-Club Services.

He gave the background of Kiwanis based on their constitution and by-laws, explaining that every club adopts the same set of by-laws and constitution and then it is left to the discretion of the club to make amendments as they see fit.

The Burnett Kiwanis, who furnished the program for the day, were accompanied by three high school girls and one boy who sang several numbers including "The Battle Hymn of the Republic" and "Down By The Riverside."

Wiley Loughmiller, local club president, presided at the business session during which Dr. Charles Howard reported that due to the large crowd expected for the Charter Night ceremonies January 21 the meeting place has been changed to Simon-George Hall. Approximately 200 members and wives are expected to be present at this meeting.

Dr. White To Head Heart Fund Drive In Texas

Dr. William R. White, president of Baylor University at Waco, has been appointed chairman of the 1955 Heart Fund campaign in Texas. It has been announced.

The appointment marks the second successive year that Dr. White has headed the month-long February drive, which coincides with a nationwide effort against mankind's greatest killer, diseases of the heart system.

In accepting the task, the Baylor president, one of the nation's leading Baptist clergymen, said the "Remarkable new medical techniques for heart disease treatment are showing such early promise that I am pleased to do all I can to further them."

Dr. White added that he felt that Heart Fund work offered one of the best opportunities for man to enjoy the blessings of the Creator through cooperative efforts to help himself.

His first step as 1955 chairman was to call for volunteer workers, down through every community level.

"These workers who give of their time and energy are the very backbone of the crusade," Dr. White pointed out.

The greater portion of funds raised are retained by local and state Heart Associations to support their own programs. The remainder goes to nationwide research, education and community service activities of the American Heart Association.

Latest mortality figures show diseases of the heart and blood vessels led their nearest rival, cancer, by more than three to one. More than 52 per cent of all deaths in the nation in 1953 were attributed to ailments of the heart and circulatory system.

In the last generation medical science and new surgery avenues have reduced the heart disease death rate by 70 per cent for those under 24 years of age, and by 35 per cent for those between 24 and 44, Dr. White pointed out.

Hanes Bestowed Many Honors At Rotary Meet

Twenty-five of the 30 Rotary clubs in District 187 were present at the Rotary Convention in Marlin Sunday and Monday, with approximately 200 registered guests according to District Governor W. T. Hanes.

Several honors were bestowed upon Hanes at the convention. The Cameron Club presented him with a silver compote and gave Mrs. Hanes an orchid to wear at the convention banquet. Marlin, the host club, presented him with a book written by Tom Collins and complete with an inscription to Hanes by Collins.

The most outstanding gift was a complete Silver Service presented Hanes and his wife by District 187 for his service and devotion to the club during this past year.

Other innovations which made the convention one of the most successful in club history was the presentation of corsages to each of the women attending the banquet, cars present at the hotel to deliver the guests to the program at the school; a song written by Jimmie Asher, of Cameron, to Mr. Hanes and sung by the entire group at the banquet.

A program was presented by several Baylor University students and Mrs. Bubak played the organ at the hotel during the convention hours.

Registering the guests were J. B. Sneed, a retired railroad man from Marlin and Mrs. Jackie Hanes of Cameron.

W. T. Hemphill was nominated as District Governor for the 1955-56 term.

Those attending from Cameron were Mr. and Mrs. Hanes, Mr. and Mrs. Asher, Mr. and Mrs. S. M. Layfield, Mr. and Mrs. Bill Burns, Roland Carr, president of the Cameron Club, Dr. C. G. Swift, Mr. and Mrs. Leo Jackson, John Anders, W. E. Kuehl, Calvin Markham, Rev. John Solomon, Milton F. Fuqua and Dana Kestenbaum.

\$16,000 In Narcotics Found In Temple

A narcotics raid, with \$16,000 worth of refined marijuana found, was conducted by Temple officials Wednesday.

After a tip officers arrested five people in a car from Midland, recovering 45 marijuana cigarettes and a quarter pound of marijuana. Officers found two pounds of refined marijuana in a plastic bag Wednesday at the house where the car was caught. The narcotics had apparently been thrown out.

Those arrested are being held in the Bell County jail. A narcotics agent said the raid climaxed a six-month investigation and smash-up of one of the biggest dope rings in Texas.

Westphalia Man Held In Marlin For Fatal Beating

Alois Smetana, 31, of Westphalia was being held by Falls county officials at Marlin on a charge of murder after his brother died Monday from a blow on the head.

Ernest Smetana died Monday in a Rosebud hospital after the fatal beating. County Attorney Thomas Bartlett said that Ernest Smetana was struck on the head with a shotgun Saturday night in Westphalia.

Murder charges against Alois Smetana were filed in Justice of the Peace Henry Lamar's court at Rosebud. Bond was set at \$5,000.

Funeral services for the victim were held at 9 a. m. Wednesday at St. Joseph's Catholic Church at Cyclone with Rev. Clyde Holtman officiating. Burial was made in St. Mary's Cemetery at Westphalia.

Surviving him are his widow; his parents, Mr. and Mrs. John Smetana of Westphalia, three brothers, Joe of Austin, Adolph and Alois of Westphalia; six sisters, Mrs. Eddie Ordner, Mrs. Edwin Buxtemper and Mrs. Andrew Sterner of Westphalia; Mrs. Bill Kleypas of Lott, Mrs. Andrew Holtman of Rosebud and Mrs. Willard Green of Temple.

The most common trees found in Milam County are pecan, hickory, red oak, post oak and black jack.

Highway 36 Scene Of Two Accidents

A double accident, which occurred on U. S. Highway 36 six miles South of Cameron, happened at 12:15 a. m. and 1:20 a. m. Friday. One person was injured, taken to St. Edward Hospital for examination and was later released.

Investigating officers said the first accident occurred when a large Brown Express truck, driven by Silvestor W. Alguessa of Houston met an unidentified car traveling on the wrong side of the highway. Alguessa applied his brakes to avoid a collision with the on-coming car, and the truck turned over with no injuries reported.

While officers were investigating the accident, a 1948 International semi-trailer, driven by Jimmie H. Drake of Belton was attempting to pass a van driven by Roy Wright of Troy. The scene of the accident was blocked by the van and when Drake first saw it he applied his brakes, landed on the soft shoulders of the road and hit the end of an concrete culvert. His truck over-turned and Drake, who was knocked unconscious in the accident, regained consciousness prior to the arrival of the ambulance. He was, however, taken to the local hospital for treatment and later released. Heavy damage was inflicted upon Drake's truck.

Investigating officers were John Blanton and Otto Rildervand.

16 Scouts Present At Regular Meeting

Sixteen Scouts were present at the regular weekly meeting last week out of a 21 boy membership. Instructions were given by Scoutmaster Allen Dodson.

A board of review will precede the Scout Court of Honor in February, although no definite date has yet been set.

Cameron, the county seat of Milam county, is a cotton marketing and shipping point, boasts itself being the distribution point. Also located here are a compress and cottonseed oil-mill. Cameron is also the point where Highway 36 meets Highway 36 and the Southern Pacific Railroad crosses the Santa Fe railroad.

Mr. and Mrs. Tom Stratton of Corpus Christi were business visitors here Friday.

Mrs. Alice Mitchell has returned

from an enjoyable trip to the valley of Mexico, Alice and Houston, where she visited a number of relatives and friends.

Mrs. Leo Porubsky was a surgical patient at St. Edwards Hospital and is at home now. She is reported to be recuperating satisfactorily.

BURLINGTON NEWS

Mrs. George Logan

Rev. Lewis Newman preached at the Baptist church Sunday.

Ed McAtee of Rosebud was in Burlington Friday afternoon.

Cpl Billie Wayne Marek who was the Canal Zone has had his leave extended for a few more days.

Friends and relatives have been visiting Mrs. W. M. Faulkner at Kings Daughters hospital at Temple. She is improving.

Ed Janke is now a patient at Sante Fe hospital in Temple. Many friends and relatives have been to visit him.

Mr. and Mrs. Sam Ferguson, Mr. and Mrs. Melvin Ferguson of Temple visited Mr. and Mrs. Roy Lindsey Sunday Jan. 2.

Mr. and Mrs. Roy Lindsey were in San Antonio Wednesday to visit his mother who is ill. They also visited his sister Mrs. Marion Reeves and Mr. Reeves. His mother is improving.

The next meeting of the Burlington 4-H girls and boys will be on Jan. 20.

Mrs. H. Lorenz entertained with a party at her home recently.

Mrs. Billie McSherry spent a few days in Waco last week.

Yoemen Lose First District Game To Georgetown

Local Yoemen were given a bad time Friday night by the Georgetown Eagles, with the final score reading 60 to 23 in their favor.

In the absence of Coach Dick Young, Coach Leo Jackson reported that the main liability of the Cameron team was the loss of Joseph Michalka, who is usually responsible for at least 23 points per game. He said that his absence also has a bad effect on the rest of the boys, since they feel more capable and are better able to hold their own when the ranks of experienced boys are complete.

At the beginning of the evening 17 B team boys were on the floor for their game against the Georgetown B team, with the final score 27 to 33 in their favor.

H. C. Pope of Buckholts visited in Cameron Friday.

Revs. Buxkemper, Holtmann Honored At 42 Party

An informal "42" Party was held at Simon-George Memorial Hall honoring Rev. Leonard Buxkemper, new assistant pastor at St. Monica's Catholic Church and Rev. Clyde Holtmann, former assistant, and now pastor of St. Joseph's Catholic Church at Rockdale.

Gifts were presented from the parish to the two guests and the St. Monica parish pastor, Rev. George Duda.

High scorer for the ladies was Mrs. Joe Hibner while Mrs. Emil

Hollas was the low ladies scorer. High for the men was Rudolph Richter and Herman Hoelscher was the low.

Approximately 25 tables were set up to accommodate those attending. Refreshments of coffee, cake, cookies and kolaches were served with the St. Rita Circle acting as hostesses at the parish affair.

Mr. and Mrs. W. W. Balhorn and sons, Harold and Bobby, spent Christmas holidays in San Angelo with Mr. and Mrs. Billy Balhorn.

Milam County is considered to be one of the best quail counties in Central Texas. Other sporting opportunities include doves, and fishing in streams and small lakes.

From where I sit... by Joe Marsh

A Pretty "Snappy" Menu

Chiff Taylor had a near riot in his hen yard last week. Seems the hens were scratching around the cold ground when they found a piece of rubber band frozen in the ice.

"One hen pecked at it," says Chiff, "and it snapped right back. She backed off clucking while another hen tried it, and another. And the 'worm' kept right on snapping back. They all got their feathers ruffled. You never heard such a ruckus!"

"I finally had to break up the ice with an ax before those hens

would get back to business and start laying eggs again."

From where I sit, some people raise a pretty big fuss over nothing, too. Take the fellow who would deny me a temperate glass of beer with my game of cards. Maybe he'd rather have coffee! Well, that's all right. He has a right to his own preference. But so do I. And there's no point in his "snapping" at me just because his choice isn't the same as mine.

THIS BEAUTY SPEAKS FOR ITSELF... SO HERE ARE JUST THE FACTS

SERIES AND MODELS AVAILABLE—The 1955 Mercury is offered in 3 series, 10 models. At the top of the line, the entirely new *Montclair Series*: Available as a hardtop Coupe, Convertible, or Sun Valley with a transparent roof panel. The *Monterey Series* includes a 4-door Sedan, hardtop Coupe, and a Station Wagon with simulated wood paneling (4 door; seats 8). The lowest-cost *Custom Series* includes a 2-door Sedan, 4-door Sedan, hardtop Coupe, and an entirely new all-metal Station Wagon (4 door; seats 8).

COLOR CHOICE—You have a choice of 15 stunning new solid colors, 30 two-tone combinations—the widest selection in Mercury history. All finishes are of baked-on enamel, made by a process unique to Mercury in its field. Extra luster, smoothness, durability result.

UPHOLSTERY SELECTION—Instead of using standard upholstery, Mercury stylists in most cases designed their own and had them made to order. You have an extremely wide choice of patterns, weaves, and colors in vinyl, nylon, and woven plastic—up to 10 combinations depending upon the model and series you select.

HORSEPOWER—You get a new super-compression, SUPER-TORQUE V-8 engine in every 1955 Mercury. 198 hp in the Montclair Series, 188 hp in the Monterey and Custom.

ENGINE DATA—Compression ratio: 8.5 to 1 on the Montclair; 7.6 to 1 on the Monterey and Custom. Displacement in both: 292 cu. in. Bore 3.75 in.; stroke 3.30. Torque: 286 lb-ft at 2500 rpm for Montclair; 274 lb-ft for Monterey and Custom.

ACCELERATION FIGURES—Mercury's pickup and passing power has been boosted in every speed range. Test-track comparisons of 1954 and 1955 models show average acceleration increases as follows: From 0 to 30 mph—30% greater; 0 to 60 mph—22% greater, under passing conditions (30 to 60 mph)—22.5% greater.

These increases are the direct results of Mercury's new SUPER-TORQUE V-8 engines and a new quicker-acting Merc-O-Matic Drive. (A new "kick-down" position on the accelerator automatically moves Merc-O-Matic Drive into "Lo" for fast starts. At cruising speeds you can "kick-down" from high to "intermediate" for extra passing power.)

GASOLINE ECONOMY—Tests under average driving conditions show Mercury's traditional economy is up again—15% over last year's models. This new economy is one of the benefits of Mercury's new SUPER-TORQUE V-8 design which permits lower engine speeds and axle ratios.

OPERATING ECONOMY—Mercury has a record as the lowest-cost car in its class to own. The reasons: low first cost, excellent gasoline economy, low maintenance cost (low engine speeds mean less engine wear, longer life) and, most important, high resale value.

DIMENSIONS—Wheelbase, 119 in. Over-all length, 206.3 in. with optional bumper guards. Height, loaded: Montclair Coupe, 53.6 in.; Monterey and Custom Coupes, 60.3 in. Station Wagon models: Wheelbase 118 in.; over-all length with optional bumper guards, 201.78 in. Over-all width all models, 76.4.

EXCLUSIVE MERCURY FEATURES—Only Mercury in its field has dual-exhaust systems as standard equipment (on Montclair and Monterey models), ball-joint front suspension for ease of handling and sureness in cornering, and a 4-barrel carburetor in every model in every series. It works on a unique vacuum principle to give you 4-barrel acceleration for pickup and passing, 2-barrel economy for normal driving.

OPTIONAL FEATURES—The 1955 Mercury offers you the widest choice of power features in its field: power steering, power brakes, a 4-way power seat, power window lifts, even power lubrication. Press a button under the dash and Mercury's new Multi-Luber system lubricates all vital parts automatically. You also have your choice of no-shift Merc-O-Matic Drive, Touch-O-Matic Overdrive, or standard transmission.

FUTURE RESALE VALUE—For the past three years Mercury has held the class championship for resale value according to independent market reports. It pays to own a Mercury. We invite you to stop in at our showrooms for a close-up look—and a drive.

Model-Train Made By Cub Scouts At Meet

Cub Scout Den 2 opened their Thursday meeting by singing "The Little Red Caboose" in accordance with their theme of the month "rail-roading".

Following the business session, conducted by denner Ronald Mac Williams, the den constructed a pasteboard model-train under the supervision of den mother Mrs. W. A. L. Robinson. This model will be part of the display at the pack meeting. The boys were then given a review of the history of railroads in the United States entitled "Rails Across America".

In connection with their study of the railroads the boys were conducted on a tour of the local Southern Pacific Freight office by E. C. Cole, agent.

As the closing part of their meeting a birthday for cub Lee Bert Robinson was held. The cake was in the form of a train with each cub having been given a napkin with a track and train sprayed on it, made by Lee.

At the conclusion of the program Don Warren, the honorary member, was taken his little train cake and the next booklet "Railroads Deliver the Goods" was taken his little train cake and the next booklet "Railroads Deliver the Goods" was presented to him.

Cameron Gets 1.10 Rainfall Monday Nite

The steady drizzle of the past four days presented its grand finale Monday night with a rain which registered 1.10 on the rain meter. This is one of the hardest rains and most ample Cameron has had in the past year.

Thus far this year this immediate vicinity has had almost two inches of rainfall, just 12 inches short of the yearly total for last year.

High temperature Monday was 60 degrees with a low of 44. Present temperature reading 48.

Weather forecast for central Texas this afternoon is "clearing".

HIGH EGG PRICES
expected by fall

For 5 years, a year of low egg prices has always been followed by a year of high egg prices. Why? Because many folks get discouraged after a low-price year and don't start chicks.

The graph tells the story. Average prices are higher in some areas, lower in others, but the down-one-year up-the-next picture is the same everywhere.

U. S. AVERAGE EGG PRICES

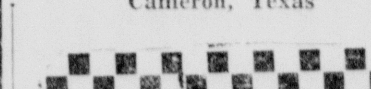

Will you be ready with a full laying house?

Let the other fellow quit. We urge all our friends to start a full brooder house to cash in next fall. And start 'em now so you can start getting lots of eggs as soon as prices begin to hit their fall and early winter peak.

Please call or drop in and place your order this week.

Not Many Castor Beans Arriving At Southland

Southland Oil Company officials said that it looks like they are going to have to shut their doors during the first part of next week due to a lack of Castor beans.

A. L. Raymond, manager of the plant, stated that he guessed they started operation too soon, but added that plant will continue operation as soon as more beans arrive.

Robert Glenn, of the A. S. C. office reported that most of the beans which arrived most recently are from New Mexico, with only a few from Texas.

"The grades of the beans are surprisingly good", Glenn said, "considering the drought we've suffered".

All of the government stock

beans sold to Southland are being graded by the A. S. C. office.

Officials at that office said that, as yet, they know nothing of the castor bean program prospects for next year but at the present it does not look promising.

Think Before You Prune Your Trees Or Shrubs

There's a reason for pruning any tree or shrub and you should think before you whack.

Are long limbs dragging the house? Want to improve the shape of the tree? Or do you desire more shade?

These are things to consider before you start with the shears, says Sadie Hatfield, extension specialist in homestead improvement.

All limbs should be pruned flush

with the parent limbs so no stubs will remain to die, decay and harm the tree. A properly made cut seldom needs paint and will heal itself.

Pruning stimulates the growth of new limbs and twigs and more leaves for shade will be the final benefit.

The specialist says to take the load off of large limbs while pruning, use a support from the ground and cut the branches three or four feet from the main trunk. An undercut on the remaining stub will prevent bark splitting when it is removed from the trunk.

Now Is Time To Apply For A.S.C. Services

Several applications, approximately 50, have been filed by farmers in this area for Conservation Practices at the A. S. C. office, officials there reported.

The A. S. C. Office will assist the farmers in way of financial aid for the new conservation practices they plan to put into use on their land and the Soil Conservation office, now located in the Henderson building and headed by Walter Mann, will offer advice and construction assistance.

M. J. Sparks Plans Soil & Water Conservation

M. J. Sparks has recently planned a soil and water conservation plan for his entire farm.

Terraces, to reduce the rate of run-off were planned for all the sloping farm land. Most of the needed terraces are already built.

To make the best use of the available moisture, Mr. Sparks plans to use a cover crop of winter peas or vetch on all of his land each year. By using a chisel-type plow with a fertilizer attachment, a complete fertilizer will be placed deep in the bed. This fertilizer will encourage the legume roots to go deeper and will also make a faster growth from the legume.

Mr. Sparks hopes that the legume will have enough growth and will be ready to cut by the last of February. The legume residue will remain on the ground surface to protect the soil from raindrop splash during the months of high intensity rainfall.

Cotton or other row crops will be planted in the bed, among the roots of the cover crop.

This cropping system will keep the soil open so that air and water may enter. At the same time the higher organic matter content will hold more water for plant use.

Patricia Ann was born to Mr. and Mrs. Herman Harrison of Caldwell at 12:53 a. m. at St. Edward Hospital Friday, January 7. She weighed six pounds and eleven ounces at birth.

Cost-Price Squeeze To Continue On Dairy Farmers

The cost-price squeeze on Texas dairy farmers will continue and may tighten in 1955.

John G. McHaney, extension agricultural economist, says prices for milk in relation to the cost of feed probably will be lower than this year. Prices for dairy products on the whole may stay about where they are, McHaney predicts.

Farmers will enter 1955 with about the same number of cows as a year earlier. Total milk production in the U. S. next year is expected to equal the record 124,000,000,000 pounds in prospect this year.

McHaney says the high production of the past two years has been produced on very poor pastures in many areas. With revived grasslands, he says, next year's milk flow could exceed this year's.

The price outlook is not too favorable from a supply standpoint. Stocks of all dairy products in July were 5,000,000,000 pounds greater than a year earlier.

The average price received by U. S. farmers for all milk will be about \$4.00 per hundredweight in 1954 compared with \$4.32 in 1953 and \$4.85 in 1952, a decrease each year.

Internal Revenue

District Director of Internal Revenue R. L. Phinney, Austin, Texas, announced that a two count criminal information was filed against Harvey L. Rudicill, of Austin and Rockdale, Texas, on January 11, 1955 charging Mr. Rudicill with falsely claiming dependents on his 1952 and 1953 returns. The criminal charge, which was filed in the United States District Court in Austin, charged Rudicill, an electrician,

with filing false and fraudulent income tax returns for the years 1952 and 1953 with intent to defeat and evade the assessment of his income taxes by claiming dependents, when in fact he knew he was not entitled to claim said persons as dependents.

Mr. Phinney pointed out that this is probably the first time that criminal charges of this nature have been filed in the Austin District. He said that in the future more attention will be given to investigating and prosecuting taxpayers who claim fraudulent dependency credits.

The charges allege violation of Section 3616 (a) of the Internal Revenue Code of 1939. Persons convicted for such an offense are subject to a \$1,000 fine and imprisonment not to exceed one year, or both, on each count. Mr. Phinney pointed out that charges of this nature can be prosecuted under a felony section of the Internal Revenue Code which makes a defendant liable to fines up to \$10,000 or imprisonment for not more than five years or both, together with cost of prosecution for each offense.

11,000 Men In March Draft

WASHINGTON, Jan. 12—The Defense Department Wednesday issued a March draft call for 11,000 men, all for the Army.

The call for March is the same as for February and is in line with reduced calls brought about by recent decisions to cut the size of the army to 1,025,000 men by mid-1956.

The March call will bring to 1,890,430 the number of men drafted since the start of the Korean war. Of those, all but 81,430 drafted for the Marines, were assigned to the Army.

HOW DO I PLAN FOR HOUSE HEATING?

See that
It's Vented

Flue-vented heating keeps indoor air fresh, more healthful, more pleasant. Window sweating is reduced; moisture from combustion is eliminated. Flue-vented heating is recommended by Lone Star for residential installation.

Engineering

If your furnace isn't the correct size, you'll never achieve comfort heating. Insist on expert engineering... of a heating system designed to deliver the correct amount of heat at proper intervals in exactly the right places.

Installation

A furnace without a good duct system is like a fine automobile engine in a pushcart. Plan for installation by experienced, reliable personnel. Luckily for most homeowners, new gas central furnaces are compact—fit in small closet areas or in attics.

Insist on
Warm Floors

Here's a good way to judge a heating system! Modern flue-vented perimeter gas heating systems actually put heat in the floors. Children can play with less danger of catching colds. Chilly feet become a thing of the past. "Toe-tucking" days will be over!

Custom Royal Lancer

Custom Royal Lancer V-8 in dramatic new three-tone exterior styling.

A car of noble proportions, gallant and gay,
and born to rule the road in flashing style!

In every age, there are those who are not content with the humdrum, the commonplace.

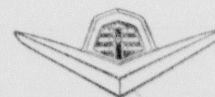

If you are one of these, the Royal Lancer speaks directly to your heart.

For here is a car that fairly breathes adventure. You sense it in the bold forward thrust of its hood, the sweep of rear deck, the rakish slant of the New Horizon windshield.

Its beauty is not calm and placid, but eager and alive—the measure of performance that stems from the most advanced aircraft-type V-8 engine on the road.

And should you choose to make this car yours, you will have this assurance: In any company of automobiles, there is nothing to challenge the distinction of your Royal Lancer by Dodge.

Prices Steady On Livestock Sales Here

O. A. White, manager of the Cameron Livestock Sale barn reported that sales in Cameron were exceptionally high Thursday, with prices generally steady on all classes.

During the second sale held at the newly renovated auction barn 392 head of cattle and 12 hogs were sold with every sale, according to Mr. White, up \$1.00 to \$1.50 over last week.

There was a housefull of buyers, sellers and spectators again this week, with approximately 50 local and out of town buyers purchasing the cattle, which was "all fresh stock" White reported.

He added, "The response to our auctions has been very gratifying and we certainly appreciate the wonderful cooperation we have received from Cameron and this vicinity. We certainly want to thank the people and urge them to continue their participation."

Cows are reported to have sold both in Cameron and Temple from \$5 to \$12 with heifer type higher. Bulls went from \$10 to \$14 and slaughter steers and yearlings sold in the range of \$8 to \$22.50 with some fancy kinds higher. Killing calves sold from \$7.50 to \$20.

Stocker trade was active and strong with the stocker and feeder calves going from \$10 to \$20. Demand was good for young stocker cows and calves at fully steady rates.
